John J. Jordan (Jay)

Occupation: Highway Engineer involved in training construction and maintenance workers (contractor personnel, county road crews, street department employees) on a number of subjects including Work Zone Safety, Gravel Road Maintenance, Snow & Ice Control, Flagging and Culvert Installation.

My favorite holiday: Christmas because it is a season rather than just one day and people seem to be more civil during that period.

Most people don't know that I taught one year at M.U. as an Adjunct Professor.

If I were President I would probably be impeached for abuse of power.

My Breakfast Rotary heroes are too numerous to name. They include all who volunteer their valuable time to help with our many projects.

The person who invited me to join was my late wife, Kathy who was a charter member of Breakfast Rotary.

My favorite vacation spot is any place with good weather and an affordable golf course.
