Lou Freidinger, Kay's husband, called on Monday evening to let me know that Kay is in the Capital Region Hospital.

She may be in the hospital for a few days and then home for some recovery time.

## Valentine's Day Meeting

It was great to have our spouses join us for Valentine's Day at Rotary. Special thanks to **Connie Mihalevich, Winnette Swanson, Pam Copeland, and Anne Durbin** for planning this special event and for getting all of the prizes together. Also special thanks to the "Rotary Cupids" **Tom Quinn and Lance Stegeman**. I am always amazed at our Breakfast Rotarian's hidden talents!

## Water For People

Two weeks ago, **John Howland**, our club's International Chair, shared with the club the progress made in Malawi on the water project our club is supporting there. We are now working to raise funds for continued support of this project. Your contributions to this effort will count toward your Paul Harris Fellow account. What is important to note is that we are seeking a district grant that will add money to our contributions and then the overall project has received a Rotary International grant. This means that even a small contribution is matched by the district level and then the international level. Our club is known for making a difference in Jefferson City. Water for People and Polio Plus are ways we can make a difference in the world. The Water for People fund drive will only last until the end of the month, so please make checks payable to Water for People as soon as possible and give them to either **Nancy Gratz** or **John Howland**.
