### DISTRICT CONFERENCE - May 2<sup>nd</sup> and 3<sup>rd</sup>, 2008 – Springfield

After our meeting of last week with the District Governor Joe Beltz, he asked for our assistance in planning the District Conference. Gov Beltz wants to make the conference more interesting and fun for members as well as for our extended families. He asked that we provide written comments as follows:

*What topics of Rotary information would you like to gain more knowledge?*

*What things outside Rotary would be fun for the entire family?*

*Other suggestions:*

Gov Beltz mentioned that if the Springfield Cardinals professional baseball team has a game either night, that he will likely conduct that evening's banquet at the ballpark in order to make it more of a family event. I was wondering if you might email me in the next couple of weeks with some of your feedback at [sjjstark@msn.com](mailto:sjjstark@msn.com). Many thanks.

### ATTENDANCE

Hope to see each of you this Wednesday. Let's honor Norb with our presence at his program.
