Dear Rotarian Dudley,

Okay, forget most of what you probably just read from me in the previous email. I made the unfortunate mistake of presumption. I presumed that Sarah Stroesser was our speaker tomorrow when, in fact, she is next week's speaker. All that I had to do was to check the schedule and my record of accurately announcing programs would have remained intact. Just a little confusion on my part but thanks to [Bill Rodgers](#) who quickly reminded me that tomorrow's program is actually our own [Dr. David Lindsenbardt](#). The good Doctor will update us on Rotary's efforts to eradicate polio from the face of the earth. I'm not sure about any other planets.

The rest of the info, including the induction of Steve and the prayer and humor volunteers, was remarkably correct. (That is if all of the respective members are in attendance.)

I am sorry to get your hopes up for learning about Rotaract. Sarah will be the speaker on the 28th but I surely don't want any of you to miss Rotarian Lindsenbardt's hopeful message of ending the dreadful disease of polio.

Again, sorry for the confusion, but, thanks to Bill looking out for me, at least you have all the facts now.

Once more, see you all in the morning and, as always, remember that...  
The future of Rotary is in your hands. For all you do, this club's for you!

Yours in Rotary Service,

Joe
